

Quick reference

MOSAIQ versions 2.6 and above
LPCMSGCOMM170125

Image Review from the CWL

1. Configure CWL to Show Images Requiring Review
2. Highlight/Select Images from CWL pane
3. Highlight on Patient Image in the Work Lists pane (may need to expand images for the patient using the + to the left of their name)
4. Select Review from the Work List Detail pane
